Dear Mr. Lindsey:

As you are aware, NRC is using the Integrated Materials Performance Evaluation Program (IMPEP) for the evaluation of Agreement State Programs. Per my discussion with you, I will be the team leader for the IMPEP review of the Oregon program scheduled for August 21-25, 2006. The team will include Linda McLean, NRC Region IV State Agreements Officer; Andrea Jones from the NRC Office of State and Tribal Programs, Robert Hays from the NRC Region III office, and Mark Light from the State of Ohio. As we discussed, this review will also evaluate Oregon's implementation of Increased Controls over radioactive materials which exceed quantities of concern.

Enclosed is the document, "Integrated Materials Performance Evaluation Program Questionnaire." The questionnaire was previously furnished to you electronically. I ask that you send your responses via Internet to JLL2@NRC.GOV by August 4, 2006. I am sending the document in advance of the IMPEP review in order to provide time for you to allocate the staff resources necessary to complete the document by the due date. Part A of the questionnaire contains questions on the common performance indicators. Part B contains questions on the non-common performance indicators for Agreement States.

Also included with the questionnaire is the document "Materials Requested to Be Available for the Onsite Portion of an IMPEP Review." We encourage States to have the items listed prepared prior to the IMPEP team's arrival.

I request that you set up an appointment with the appropriate State Senior Management Official to discuss the results of the IMPEP review of the Oregon program on the morning of August 25, 2006.

If you have any questions, please call me at (630) 829-9661.

Sincerely,

*/RA/*
