#221

Adelaide - as we discussed attached is the verification of emergency contact information. As you noted we anticipate receiving NRC's official request for the verification in the near future as such requests are a matter of public record. However, I did want to get you the verified information as soon as possible so you could continue working on the task.

I have removed from the attachment all information not needed for emergency contact verification purposes. Thanks so much for your patience and your help. I will be leaving town this afternoon and will not be back until May 8th but please leave me a voice mail or e-mail if you have any questions on the attached. Thanks again. Marsha
