Subject: Re: Revision 1 to Braidwood Communicatoins Plan

(OPA)

Will do. We have been working with Jan and Vika on it throughout the process as well.

We would ask that OPA be put on for a copy.

>>> Steven Orth 12/12/05 8:19 AM >>>
Greetings,

Based on new information obtained this week, we have prepared a draft Revision 1 to the Braidwood Communications Plan for comment (attached). Please provide comments to **Wayne Slawinski (WJS2)** by Noon on Monday, December 12, 2005.

Recent **Preliminary Results** -

Release

NRC results of split sample analyses have been reasonably consistent with the licensee's results:

	Licensee	NRC
Residential well	1151 (± 200)	2046 (± 300)
	1524 (± 200)	1230 (± 300)

The remaining split samples of other residential wells and offsite monitoring wells near the blowdown line were found to be indistinguishable from background by the licensee and the NRC's laboratory.

Thank you,

Steve
