Materials Testing Consultants, Inc.  
21-15281-02, 030-13918, CN 315471, ML 061460088  
Amendment Request dated May 19, 2006  
Conversation with Peter Gausewitz, RSO on  
June 20, 2006

The reviewer spoke to the RSO to determine what number of gauges would be adequate for his program since this was an open ended license. He currently has 21 Troxler 3440 gauges and plans on buying a couple of Instro Tek, Inc. Gauges. The RSO stated that 25 gauges total would be adequate.
