Subject: Followup from Yesterday conversation with T. Atkinson in Sen. Obama's staff

Anne,
Could you provide Undine a summary of the reporting criteria related to offsite releases of Tritium and relationship to Braidwood? This summary would be used in concert with other information previously acquired in order to provide a good background for the Chairman during his oversight hearings in early March.....

I would greatly appreciate this....please call with any questions...The turnaround on this would be in the next day or so.....

CC: Geoffrey Grant; James Caldwell; Undine Shoop
