Subject: No meeting with Rep Weller planned

OCA

Luis:

I talked to Congressman Weller's staffer and he said that the Congressman had no plans to meet with NRC at this time. He would like to keep it at the staff level.

I offered, and he agreed that an update teleconference next week would be the best way to go. He agreed that I could invite staff from Senators Obama and Durbin's offices so we could get them all at once. We did a couple of these telecons for them when the issue first came out but have not had one lately.

I'll work with your staff to set it up.

Best regards,
Raeann
