APPB. (23)

See attached re: Merrifield brief, which is now scheduled for March 1 (also the date of the Exelon drop-in). I will get together with Tim Frye and the Region so we can come up with a consolidated list of participants. Which one of you would like to be there?

Commissioner Merrifields briefing on Tritium at Braidwood is set up for March 1 at 10:00 a.m. - 10:30 a.m. A telecon will be provided for Region III participants. ACTIONS:

1. Coordination between NRR and Region III on the presenter and determine if talking slides would be appropriate. My recommendation would be to put together four or five slides, but I will leave it up to you....PURPOSE OF THE BRIEFING: To understand the current status of efforts by the licensee, external stakeholder involvement, and current inspection insights, and any generic issues.
2. The briefing should be limited to five people. Please provide names by COB Thursday (2/16) so that I can provide it to the Commissioner's office.

Please call (415-1730) with any questions and thanks for you indulgence...

>>> Timothy Frye 02/14/06 8:53 AM >>> NRP
Pete

Can you keep the NRR HP Br tuned in directly on this stuff. I'm getting it fourth hand in a very round-about way. I'll get the info to the rest of the NRR HP staff (e.g., Steve Klementowicz)

>>> Peter Habighorst 02/09/06 12:03 PM >>> EDO
The briefing for Commissioner Merrifield **will not happen next week. The earliest we could brief the commissioner would be early March...I will keep you posted on this....**
