FYI, I attended a good conference call yesterday on the Braidwood tritium migration issue and whether the NRC or the state had jurisdiction. Here is some background. If either of you want to attend the next meeting, Pete H. will have the lead.

Paul - I wasn't aware of yesterday's discussion but STP is pleased to support the 1/18 meeting and any preparatory meetings with you. Dennis Sollenberger is my staff contact. Dennis - Please coordinate with Paul. Thanks, Janet.

Pete,

In preparation for our attendance at the meeting between the State of IL and Braidwood that occurred on December 21, 2005, Roland Lickus located the attached communication plan that appears to provide some useful background on Federal preemption principles. Although the situations are not identical, the information appears useful for our discussion this afternoon.

Thank you,

Steve
