 We can support Thursday at 12:00 p.m. CST/1:00 p.m EST - just email me and the distribution for this email the bridge line and passcode.

Also, we would like to have a pre-brief (about 15 minutes) at 10:30 am CST just to discuss the key themes for the call. That is the only time that I could get lines. The bridge number is 800-638-8081, passcode

 Anne:

We are a go for Thursday at 1:00 est if you can still support.....Congressman Weller's staffer asked if we could do it in 1/2 hour so I don't think they are looking for anything too detailed which should make things easier on our side.

 Either Wed at Noon central or Thursday at Noon central. We have alot going on this afternoon and evening. We are in the process of preparing for a local public meeting this evening - as such, Thursday would likely be best - this would allow us to address any issues that we need to follow-up on in the morning. Also - would like to have a precall with the participants just to go over what we are going to discuss on the call with the staffers.

Is Wednesday still good for you guys for the Braidwood telecon? Is there a time that you prefer? I'm going to call the hill and confirm with them after I hear from you...
