SUBJECT: REQUEST FOR WITHHOLDING INFORMATION FROM PUBLIC DISCLOSURE
T.A.G. TRANSPORT SAFEGUARDS INFORMATION, SECURITY
PROCEDURE (SEC-1)

Dear Mr. Pope:

By letter dated April 19, 2006, and affidavit dated April 21, 2006, executed by Rene Guy, County of Roane, State of Tennessee, H. Jack Pope, Security Manager, T.A.G. Transport, Inc. submitted for review, T.A.G. Transport Safeguards Information Security Procedure, SEC-1, Rev. 0, "Protection of Safeguards Information," dated December 8, 2005, and requested that it be withheld from public disclosure pursuant to 10 CFR 2.390.

The affidavit stated that the submitted information should be considered exempt from mandatory public disclosure for the following reasons:

- a. The information describes methods for marking and controlling Safeguards Information.
- b. T.A.G. Transport, Inc. believes this information should be held as confidential and proprietary and should not be disclosed to the public.
- c. T.A.G. Transport, Inc. incurred significant financial expense and expenditures of labor resources in the development of this document.
- d. Disclosure to the public would offer such information and approach to competitors free of charge, reducing our internally developed competitive advantage.

We have reviewed your application and the material in accordance with the requirements of 10 CFR 2.390 and, on the basis of your statements, have determined that the submitted information sought to be withheld contains proprietary commercial information and should be withheld from public disclosure.

Therefore, the version of the submitted information marked as proprietary will be withheld from public disclosure pursuant to 10 CFR 2.390(b)(5) and Section 103(b) of the Atomic Energy Act of 1954, as amended.

H. Pope
