In your email dated June 12, 2006, you requested a record of the statements of Commissioner McGaffigan regarding Nuclear Information and Resource Service/Public Citizen's (NIRS/PC) involvement in the LES licensing case. I believe you are referring to statements Commissioner McGaffigan made concerning NIRS at a May 2, 2006, Commission briefing on emergency planning. Following this briefing, NIRS/PC requested that Commissioner McGaffigan disqualify himself from the LES proceeding. In the May 2, 2006, briefing Commissioner McGaffigan did not make any statements regarding the LES licensing case. The transcript of the May 2, 2006, briefing is available on the Agencywide Documents and Management System (ADAMS) under accession number ML061250215 or <http://www.nrc.gov/reading-rm/doc-collections/commission/tr/2006/> Commissioner McGaffigan's response to NIRS/PC's request that he disqualify himself is available under ADAMS accession number ML061540004. ADAMS can be accessed at the NRC's public web site, www.nrc.gov, under the "Electronic Reading Room" tab.

I would like the NRC to provide me with a record of the statements of Commissioner Mc. gaffin regarding NIRS/PC's involvement in the LES licensing case.

Its obvious that Commissioner McGaffin does not take the licensing of the Les plant and its possible effects on the health of the civilian population in a serious manner.

The health of approx 30,000 people is not something for Commisioner McGaffin and the NRC to take lightly.

If Mr. McGaffins comments are not available to taxpayers, starting tomorrow Ill reflect that in the data Im sending to insurance companies at the present time.

Nirs and PC has been very honest with me.
