Subject: (NOTE: This will be used as the Documents Title in ADAMS)	Amendment to add new location
Summary:	Bryn Mawr Imaging Center (BMIC) has requested an amendment to their license to add a new location. The location to be added is currently licensed to PET/CT Imaging of the Main Line (37-31111-01). I discussed with Ms. Bachman that the NRC can not add this new location to their license until PET/CT submits a request to transfer the material under the PET/CT license to BMIC or requests a transfer of control to BMIC. Ms. Bachman stated she would talk to the PET/CT folks and get them to submit the appropriate licensing request and fax it to the Region I office.
Action Required:	Alerted LAT staff to route any fax from PET/CT to me, awaiting fax from PET/CT. Will follow up with Ms. Bachman if fax from PET/CT is not received by Monday July 24.
