**RE: DOCKET 03-005222 - AMENDMENT TO RADIOACTIVE MATERIAL LICENSE #29-00139-02**

Dear Ms. Ullrich:

E. R. Squibb & Sons, a wholly owned subsidiary of Bristol-Myers Squibb Company, has been granted radioactive material license #29-00139-02 which authorizes possession and use of radioactive materials at three New Jersey facilities: the New Brunswick facility (at One Squibb Drive, New Brunswick, NJ), the Lawrenceville facility (at Route 206 and Provinceline Road, Lawrenceville, NJ), and the Hopewell facility (at 311 Pennington-Rocky Hill Road, Pennington, NJ).

E.R. Squibb & Sons hereby requests an amendment to its license to reduce the licensed activity limit for any chemical form of tritium at the New Brunswick facility from 150 Curies to 20 Curies. This reduction reflects the transfer of primary tritium radio-synthesis operations from the New Brunswick facility to the Lawrenceville facility.

If you require additional information, please contact Michael Vala at [Michael.vala@bms.com](mailto:Michael.vala@bms.com) or (732) 227-5096.

Sincerely,

Michael J. Vala, CHP  
Radiation Safety Officer/Manager, EHS
