SUBJECT: CAPITAL CARDIOLOGY CONSULTANTS, P.C., REQUEST FOR ADDITIONAL INFORMATION CONCERNING APPLICATION FOR AMENDMENT TO LICENSE, CONTROL NO. 139075

Dear Dr. Quash:

This is in reference to your letter dated July 6, 2006 requesting to amend Nuclear Regulatory Commission License No. 08-30727-01. In order to continue our review, we need the following additional information:

1. Certain experience elements as required by 10 CFR 290(c)(ii) were not included in the attestation statement by Dr. Robert Wagner, M.D. for Dr. Chawla. These experience elements are:
 - a. Ordering, receiving, and unpacking radioactive materials safely and performing the related radiation surveys;
 - b. Performing quality control procedures on instruments used to determine the activity of dosages and performing checks for proper operation of survey meters;
 - c. Calculating, measuring, and safely preparing patient or human research subject dosages;
 - d. Using administrative controls to prevent a medical event involving the use of unsealed byproduct material;
 - e. Using procedures to safely contain spilled radioactive material and using proper decontamination procedures; and
 - f. Administering dosages of radioactive drugs to patients or human research subjects

Please include these experience elements, clock hours, dates of experience, location, and name of supervising individual in an attestation statement signed by a qualified authorized preceptor.

2. Because the preceptor, Dr. Robert H. Wagner, is an authorized user at an Agreement State, we can not verify his qualification. Please provide documentation that Dr. Wagner is an authorized user for 35.100 and 35.200 materials. This documentation could be in the form of a copy of the Agreement State license.

Current NRC regulations and guidance are included on the NRC's website at www.nrc.gov; select **Nuclear Materials; Medical, Academic, and Industrial Uses of Nuclear Material**; then **Toolkit Index Page**. Or you may obtain these documents by contacting the Government Printing Office (GPO) toll-free at 1-888-293-6498. The GPO is open from 7:00 a.m. to 8:00 p.m. EST, Monday through Friday (except Federal holidays).

We will continue our review upon receipt of this information. Please reply to my attention at the Region I Office and refer to Mail Control No. 139075. If you have any technical questions regarding this deficiency letter, please call me at (610) 337-5366.

If we do not receive a reply from you within 30 calendar days from the date of this letter, we will assume that you do not wish to pursue your application.

Sincerely,
