Re: SUA-15489
Docket No. 40-8964

Mr. Gary Janosko:

As per License Condition 10.2.1, we have submitted a Source Materials License Amendment to the existing North Butte Application, dated March 2006. This submittal will supersede previous submittals and applications concerning the North Butte ISL Satellite Project, Campbell County, Wyoming. When approved by the NRC, this amendment will be included by reference in Condition 9.3. If you would please also change the incorrect reference date noted and agreed upon in License Condition 9.3 by Jon Winter and Paul Michalak. The October 3, 1998 reference should be changed to October 3, 1988.

Thank you for your attention in these matters,
