Dear Ms. Bennington:

The University of Missouri Research Reactor facility (MURR) would like to make a change to the previously approved window for the shipment of unirradiated fuel from the BWXT, Inc (Lynchburg, Virginia) to the University of Missouri Research Reactor facility. The requested change is indicated below:

❖ Move the **October 6 – 13** shipment window to **October 20 – 24**.

The rest of the shipment windows for the calendar year will remain the same. The changes have been discussed with Dennis Burnette of BWXT. Please let me if you have any questions regarding the above schedule change.

Sincerely,

Das Kutikkad
