Summary:	<p>I phoned Ms. Bachman in the PM on 07/11/2006 to request additional information. She was not available but returned my call on 07/12/2006. I requested clarification regarding the 05/24/2006 letter seeking flexibility regarding the hospitalization of patients not released under 10 CFR 35.75. I reminded her that the recent renewal application designated Room 679 and described areas above and below. She stated that any additional room utilized would be in the vicinity of Room 679, with the same nursing staff and surrounding areas.</p> <p>I also requested the location of use for the 35.500 sources described in the letter dated 04/21/2006. She stated that sources would be used on an ADAC FORTE gamma camera in Imaging Room 3 of the Nuclear Medicine Department.</p>
Action Required:	Proceed with license amendment.
