Vickie, I am surprised with that - I will check for a hrd copy/another disk. Jeff

Hi Jeff,

I have a question for you. I have two disks for [REDACTED] <sup>7C</sup> The one disk is for his 10-07-03 interview and that is readable. But the second disk for his 1-7-04 interview has nothing on it. Is there a hard copy of the transcript of this interview or perhap another disk? Let me know whenever you have a chance.

Thanks,

Vickie
