Subject: Old E-mails

7c

Hi Jeff,
I was looking through one of my e-mail accounts and found that I had sent a whole bunch of e-mails to myself from work. Would you be interested in them? Or have you already secured the back up tapes of the system at pseg? They had me delete everything when I left. I don't know if it'll help but if you'd like them I'll forward them.

Happy Presidents Day,
