Subject: Confirmatory Measurements and Comparison to Liquid Effluent
Composite Sample from Westinghouse Electric Company (Inspection
Report Number 70-1151/95-05)

Dear Mr. Abelquist:

Transmitted is a split liquid effluent composite sample for the month of August 1995 which was collected by representatives from the Westinghouse Electric Company in Columbia, SC. When you have received the approved RFTA from NRC/HQ, we request that you analyze The liquid effluent sample for gross alpha, gross beta, and isotopic uranium for confirmatory measurement purposes. Please report the results in terms of microcuries per milliliter.

Please forward all reported results to William B. Gloersen of the NRC Region II Office. If you have any questions, please call me at 404-331-6279.

Sincerely,

William B. Gloersen
