Subject: Confirmatory Measurements and Comparison to Split Soil Composite
Sample from Westinghouse Electric Company (Inspection Report No.: 70-
1151/98-01)

Dear Mr. Laudeman:

Transmitted is a split soil composite sample collected in the vicinity of environmental stationary air sample station #4 during the month of January 1998. This sample was collected by representatives from the Westinghouse Electric Company in Columbia, SC. When you have received the approved RFTA from NRC/HQ, we request that the sample be analyzed for gross alpha, gross beta, and isotopic uranium for confirmatory measurement purposes. Please report the results in terms of picocuries per gram and forward all reported results to William B. Gloersen of the NRC Region II Office. If you have any questions, please call me at 404-562-4713.

Sincerely,

A handwritten signature in black ink, appearing to read "William B. Gloersen", written over a horizontal line.
