John/Bill,

Thank you for the invitation to participate in tomorrow's split of MW-42. However, Wadsworth has limited capacity to accommodate our split sample analyses, and we already have a set of splits from MW-42 at the lab at this time. When we see additional data from this and other locations we may ask for another MW-42 split at that time, but at this point we do not have specific plans to do so.

Thanks Again,

Tim

Mr Rice, Bill Axelson asked me to get in touch with you. John White of the NRC has asked IPEC to pull a split sample of MW-42 with them on Fri. 4/7/06. Bill wanted to ask if you want to be part of that split. I also left a message for you on your voice mail. Bill's plant # is 914-736-8417. [ Thank You. ]
