## STATEMENT OF WORK

### CONTRACT OBJECTIVE:

The objective of this contract is to lease a Lincoln Town Car (Signature Series) on an annual basis for an estimated period of three years (an initial base year with three additional one-year optional periods).

### SCOPE OF WORK

The Contractor shall lease to the Government, a Lincoln Town Car (Signature Series) vehicle at the firm fixed prices set forth in this purchase order. The vehicle provided by the Contractor during the period of performance of this purchase order, or any extension, shall have the minimum specifications as set forth in the attachment.

The Contractor shall have the vehicle available for pickup by the NRC at the Contractor's facility in any location within the Washington, DC metropolitan area. The vehicle shall be available for the Government's pickup on the delivery schedule date as set forth in this order, which at such time, the term of the initial base year (1<sup>st</sup>-year) lease shall begin.

The vehicle will be garaged at NRC's headquarters, located at the One White Flint North Building, 11555 Rockville Pike, Rockville, Maryland.

NRC is exempt under 41 CFR 101-38.204, from the requirement to display official U.S. Government license tags and other identification. The Contractor shall therefore furnish all required tags from the State of Maryland for the vehicle prior to the Government's pickup of the vehicle.

The Government will install a telephone and reading lamp in the leased vehicle and will remove this equipment from the vehicle upon expiration of the purchase order.

### WARRANTY:

The manufacturer's standard warranty for the leased vehicle shall cover the entire period under this contract or any extension. Any towing that may be required for warranty service shall be the sole responsibility of the Contractor.

### MAINTENANCE:

The Contractor shall perform all routine maintenance on the leased vehicle in accordance with the maintenance schedule recommended by the manufacturer (i.e. oil and oil filter changes, lubrication, tire rotation, fluid replacement, etc.).

### RETURN OF VEHICLES:

At least 30-days prior to the expiration or termination of this contract, the Government will contact the Contractor to determine a destination within the Washington, DC Metropolitan area mutually agreeable to both parties for the return of the vehicle.

The Government will return the vehicle to the Contractor at the mutually agreed delivery destination, not later than five work days after the expiration or termination of the contract period for the vehicle.

The Contractor shall be responsible for performing an appraisal of the physical condition of the vehicle returned by the Government, prior to that vehicle being released from the Government's custody and shall furnish the Government with a copy of the appraisal upon its completion. The Government shall not be responsible for any damage not listed on the appraisal report.

The Government will assume full responsibility for reconditioning the vehicle at its expense, excluding normal wear and tear as defined below:

For purposes of this contract lease, "normal wear and tear" is defined as those dents, dings, paint chips, scratches, pitted but not cracked windshields, and interior wear such as soiled carpets and seats, normally occurring to a motor vehicle over the contract period of use, in both a rural and metropolitan area. In any event, the Government's liability for any reconditioning of the vehicles shall be limited to replacement of glass and exterior trim, and repair to body damage attributable to collision only, and to interior damage such as cut, torn, burnt materials, as well as mechanical repair. Contractors are cautioned that the Government, by signing the damage estimate, does not acknowledge liability therefore. This can only be accomplished by an authorized NRC Contracting Officer after evaluation and consideration of all factors.

#### PERIOD OF PERFORMANCE:

This contract shall consist of a one-year base period with three (3) additional one-year option periods. It is estimated that the initial one-year base period would begin on August 1, 2006.
