great. We will appreciate help.
We do not have our going-forward plan fleshed out yet; hope to be working thru that between now and the meeting, but some of those decisions will likely occur after the meeting.
In other developments, the IAT report is issued and we got just the exec summ today, by fax. will send to you when we have electronically

Thank you - you did fine on the intros, no need to apologize.

I am anxiously awaiting the June Salem/HC meeting. I have been asked by Mr. J. Persensky and Clare Goodman (both worked with me on the Davis-Besse special inspection re: Safety Culture/SCWE) if they could help with Salem. In fact, J. at least would like to attend the June meeting. I passed their offer on to Dave Vito.

I don't know what the agency's plans are concerning followup to the June meeting, but if it involves reviewing the licensee's action plans to judge their appropriateness and some on-site time to judge their effectiveness, I highly recommend J. and Clare work with us.

We are all going back to Davis-Besse sometime this year (Summer? Fall?), so that will cut into our availability, but will try to work out a schedule that accommodates everyone, should a trip to Salem/HC be needed.

We can talk later.

Lisa,
...it was comforting to have a true expert on the panel, and i believe the session was well-rec'd.
