 Randy,

Just a heads up. Jeff Teator received a call from ~~Harvin~~ late in the afternoon last Thursday. She asked Jeff if he "was off her case yet." Jeff explained that the case was still open. Jeff said she got a bit snippy with him and told him it should have been done a month or so ago. Jeff politely told her he had acquired a lot of information and that it takes time to properly document everything in the report. The call ended. She then called him back minutes later and apologized. She told him the call didn't have the right feel to it (?) and she wanted to apologize. Jeff informed her that the field work was just about completed but beyond that he could not and would not comment any further. She thanked him and the call ended.
 Note: Jeff is on vacation this week and called me today to let me know of these calls.
