Subject: Fwd: Summary of PSEG site-wide Meeting on NRC letter

Dan Orr's summary of today's site-wide meeting at Salem and Hope Creek is summarized in the attached file. Dan believes that PSEG management addressed the NRC letter in a generally appropriate manner.

Separately, he indicated that he sensed today's press release would have a similar tone (but we'll see how good his senses are when it's issued; no gurarantees).
