 Some additions that might be helpful from my talk with the allegor on 2/19:

The allegor is to be listed for what was termed a "TMI rally in Salem" only as a "PSEG Whistleblower-Invited", and the allegor's name will not be disclosed until 3/28. The allegor is preparing a keynote speech and expects to make a compelling case for resignations of PSEG officials; the NRC to not allow the plants to operate and to encourage workers not to do anything unsafe. Again, the NRC will be given an advance copy.

The allegor discussed the detailed results of the latest Synergy survey and a concern that the company will not be willing to share the results. The allegor noted that R. Anderson rated the entire site higher than anybody which indicated to the allegor a "gulf" and the allegor pointed to his recent "discipline" letter as exhibiting his lack of understanding.

This matches up with a note that Neil Sheehan got from Norm Cohen of UNPLUG Salem.....

 Glenn,

FYI - This morning I told Hub, Randy and Dave V, about the latest call from the subject to Eileen late yesterday. Allegor has supposedly been invited as "a PSEG Whistleblower" to be the key note speaker on 3/28/04 (TMI 25 yr. anniversary), apparently at some event in the Salem area. The date coincides with TMI and allegor's 1 yr departure from Salem. Eileen didn't get into who invited allegor but surmises that it is a group such as Unplug Salem. Allegor expects national media coverage of the event. Allegor plans to present the speech to the NRC PRIOR to 3/28. Eileen thanked allegor for the heads up.
