United States Atomic Energy
Commission
Division of Licensing and Regulation
Washington 25, D. C.

Gentlemen:

We are writing to supply the information requested by
phone by your Mr. McCrevis.

Enclosed herewith is verifax copy of Certificate of
Insurance No. 204 issued to the Atomic Energy Commission
on December 5, 1958. This certificate shows Lloyd's
insurance running for a 5-year term to expire December
1, 1963. We hereby certify that this Lloyd's insurance
is still in full force and effect and that it insures
Engelhard Industries, Inc., a Delaware corporation.

Also enclosed is Preliminary Prospectus of Engelhard
Industries, Inc., a Delaware corporation, dated June, 1960.
We believe that you will be able to obtain from this
Preliminary Prospectus all of the financial information
that you require. However, if anything further is needed
please let us know.

Very truly yours,

ENGELHARD INDUSTRIES, INC.

Attention: Mr. John H. Durant
Business Manager

Gentlemen:

Reference is made to your application for amendment to License SM-185 dated May 17, 1960, with which you requested approval of shipping procedures for solutions of 25.6% enriched uranium.

It is our opinion that the 18 gage inner container that you have proposed is not structurally substantial enough for shipments of this type. It is believed that the inner container should be equivalent to Schedule 40 stainless steel pipe, with welded bottom and flanged and gasketed top. An example of such a container is shown on page 47 of TID-7019, "Guide to Shipment of U-235 Enriched Uranium Materials". Therefore, it will be necessary for you to provide additional information to either justify the adequacy of your proposed container or to amend your request by the inclusion of a more structurally sound inner container before further action can be taken on your application.

Please furnish also, a description of the arrangements which you propose to make to insure that no other special nuclear material will be combined with your shipment enroute to the selected refiner.

Upon receipt of the information requested, we will continue the review of your application.

Very truly yours,
