OMB NO. 3150-0187

Expires 06/30/2006

Public Protection Notification: If a means used to impose an information collection does not display a currently valid OMB control number, the NRC may not conduct or sponsor, and a person is not required to respond to, the information collection.

Please fold on the dotted lines with Business Reply side out, tape the bottom, and mail back to the NRC.

COMMENTS OR SUGGESTIONS: (Continued)

The laundry industry is importing additional radioactive waste into the country and some of this will eventually end up in the municipal water system.

I believe we should discourage the importation of radioactive waste.

Laundrable items can be considered as "containers" of radioactive waste.

The definition of radioactive waste should be interpreted in terms of health and safety and not in terms of commerce and profits.
