OC R

MEMORANDUM FOR: William C. Parler
General Counsel

Guy H. Cunningham, III
Deputy General Counsel

Martin G. Malsch
Associate General Counsel

FROM: Robert L. Fonner
Acting Assistant General Counsel
Division of Rulemaking and Fuel Cycle

SUBJECT: ANALYSIS OF NRC JURISDICTION OVER
NON-RADIOLOGICAL HAZARDS

We have prepared a draft analysis of the NRC's authority to regulate non-radiological hazards as requested by the Lessons Learned Task Force on the Sequoyah Fuels Corporation accident. Please submit your comments directly to Barry Pineles of my staff in order that he may prepare a final draft by September 2, 1986 for the General Counsel's signature.

Robert L. Fonner
Acting Assistant General Counsel
Division of Rulemaking and Fuel Cycle
Office of General Counsel
