July 31, 2006

The Honorable Dale Klein
Chairman
U.S. Nuclear Regulatory Commission
Washington, DC 20555-0001

Dear Chairman Klein:

On behalf of the Committee on Energy and Natural Resources, I would like to invite you or your designee to testify at the Committee's hearing on August 3, 2006 at 10:00 a.m. in SD-628 of the Dirksen Senate Office Building in Washington, DC.

The purpose of the hearing is to receive testimony on S. 2589, to enhance the management and disposal of spent nuclear fuel and high-level radioactive waste, to ensure protection of public health and safety, to ensure the territorial integrity and security of the repository at Yucca Mountain, and for other purposes.

In order to allow time for Members to ask questions, please limit the oral summation of your written testimony to 5 minutes. Written testimony will be included in full in the Committee's printed hearing record.

Please provide the Committee with 50 copies of your testimony, as well as an electronic copy, 48 hours in advance of the hearing. Because of heightened security measures all envelopes and packages are screened and tested for contaminants prior to delivery to Senate offices, a process which significantly affects the timeliness of deliveries. Please refer to the attached guidelines to assist you with timely delivery of your testimony.

Should you have any questions, please contact Clint Williamson at (202) 224-7556, or Steve Waskiewicz at (202) 228-6195 of the Committee staff.

Sincerely,

Pete V. Domenici
Chairman
