

SYNOPSIS

This investigation was initiated by the U.S. Nuclear Regulatory Commission (NRC), Office of Investigations (OI), Region I (RI), on September 8, 2003, to determine whether a Principal Organizational Development Specialist at Salem/Hope Creek Generating Stations, had his/her position eliminated and last day of work at the site moved up from April 16, 2003, to March 28, 2003, by the [REDACTED] for having raised safety conscious work environment issues and other safety concerns to the CNO and Chairman of the Board. 7C

Based on information developed during this investigation, OI concludes that there is insufficient evidence to prove that the Principal Organizational Development Specialist's position was eliminated or that his/her last day of work at the site was moved up from April 16, 2003, to March 28, 2003, by the [REDACTED] in violation of the employee protection regulation.
