 No, that's when the plant status brief and inspection debriefs occur.

 Region III's normal slot is 10:00 EST. Would that work for your folks?

 Rani, what time Thursday morning? I know that 10 a.m. Central would not work, for example, because Region IV's plant status meeting, followed by inspection debriefs, occurs from 10 to 10:45 or so.

 Hi Gary,
 IIPB has a rare conflict Thursday afternoon and is proposing Thursday morning as an alternate time. Region III apparently has no SERPs planned for their time slot. Can Region III support Thursday morning?
 Thanks,
 Rani

 Any chance we can move this to the morning? There is a safety culture meeting and a Commission meeting in the afternoon.
