SUBJECT: U.S. ENVIRONMENTAL PROTECTION AGENCY, AMENDMENT NOT
NEEDED, CONTROL NO. 138866

Dear Dr. Benson:

Your amendment request dated May 15, 2006 requested the addition of Silicon 32 to your license. Silicon 32 is an accelerator produced material which is regulated by state agencies not the NRC. In order to obtain a license to use silicon 32 you should contact the Florida Bureau of Radiation Control. If you have any technical questions regarding this issue, please call me at (610) 337-5399.

Sincerely,
