Dear Mr. Lowry:

I would like to express my sincere appreciation for your assistance in supporting the recent U.S. Nuclear Regulatory Commission public meetings regarding the environmental review of Oyster Creek Nuclear Generating Station. The sound system and the constant attention of your competent and courteous sound engineer greatly contributed to the quality of the meetings. The system provided by Strike Sound worked perfectly, and allowed our court reporter to achieve a clear transcript, which is critical for our review. Thank you for your support.

Sincerely,
