Kymn,

The NRC does not use Microsoft Word. However, I have Word 97 on my desktop because I need to be able to read things that are sent to me that are in Word. I used Word 97 to convert the Word Perfect documents and attached them to this e-mail. I hope everything is there, but I don't profess to be a Microsoft Word expert.

 Dave,

If possible, please send me a .doc version of the letters you sent yesterday.

Thank you.

Kymn
