**Subject:** mail control no. 139192

George,

I appreciate you getting back to me so quickly regarding your license amendment request. As we discussed in our telephone conversation today, Wednesday August 2, 2006, I need some additional information to continue my review.

1. Please describe the situation with the "change" of address of the location of use listed on your license. As we discussed in our phone call, you did not move from 960 to 966 S. Springfield Avenue. In your description please provide approximate dates when events took place.
2. Please provide the name, title, address, and phone number for a management representative of LVMH Watch & Jewelry, Inc. for our records. In addition, your management representative should sign all correspondence regarding license amendments, renewals, etc. as an indication that they are aware and in agreement with the information provided.
3. As we discussed I will be adding a condition on your license that you are the Radiation Safety Officer for this license.

I will continue my review of your license amendment application upon receipt of this information. So that I may continue my review in a timely fashion, I am requesting that I receive a reply from you within thirty days from the date of this email. Please note we can not accept an email response for information that will be incorporated as part of your license. You may fax your reply to 610-337-5269 or mail your response to my attention to:

Licensing Assistance Team  
Division of Nuclear Materials Safety  
U.S. Nuclear Regulatory Commission  
Region I  
475 Allendale Road  
King of Prussia, PA 19406-1415

The cover sheet of your fax or the cover letter must be signed by a management representative for LVMH Watch & Jewelry, Inc. and the mail control number 139192 included. If you have any questions regarding this request for additional information, please contact me.

Sincerely,

John Nicholson  
Health Physicist  
U.S. Nuclear Regulatory Commission  
Commercial and R&D Branch
