Attention: Mr. Chris Hott, NRC
Control #139156

Dear Mr. Hott:

I am writing to request that our Radioactive Materials License (referenced above) be amended to exclude the medical use of any byproduct material allowable under 10 CFR 31.11. We have not performed or conducted any activities allowable under 10 CFR 31.11 in the past year since this authorization has been added to our license.

Sincerely,

Patricia A. Mullins, RN, MSN, CFNP
Senior Vice President/Hospital Operations
