Subject: <small>(NOTE: This will be used as the Documents Title in ADAMS)</small>	RAI, Financial Assurance Not Needed	
Summary:	Received your letter of July 18, 2006 for financial assurance. Based on current license amendment No 35, financial assurance is not needed. Mr. Shandruk stated that he planned to request use of C-14 again and would need the financial assurance. I asked how much and it would be below the need for financial assurance. I asked if the C-14 that was on the license was only used in the building that was recently decommissioned. He stated that it was the only location where C-14 was used. I stated that there was no need for financial assurance and that I would process and return all financial instruments.	
Action Required:	Return all financial instruments to the licensee
