Dear Sir or Madam:

Bluffton Regional Medical Center would like to amend its Byproduct Materials License, Number 13-01629-03, to remove authorization for materials licensed under 10 C.F.R. 35.300 and 35.500. No such materials or sources are currently possessed by Bluffton Regional and future possession is not anticipated. Enclosed is a letter submitted to the N.R.C. in 1991 upon the removal of the last 35.500 authorized source from Bluffton Regional Medical Center.

If there are any questions concerning this license amendment, please contact our nuclear medicine consultant, Mr. Patrick J. Byrne, D.A.B.R. at 877-317-5811.

Sincerely,

Vicki Hanselman
Chief Operating Officer

Re: License Number 13-01629-03

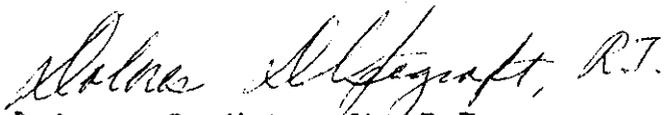

To Whom It May Concern:

This is to inform your office, that on this date, January 25, 1991, the Gd-153 source for the Lunar DP3, Model # NER 430 Serial # G717, has been removed from the premises by our Physicist, and is being returned to NEN Dupont for disposal.

The source was surveyed, placed in the lead container provided by the manufacturer, and shipped via their instructions.

The container surface reading was .1 mr/hr. The reading at 1 meter was .02 mr/hr. The container was shipped bearing Level II labels.

If any further information is needed for your files, please do not hesitate to contact us.

Dolores D. Uptgraft, R.T.
