Dear Mr. Strosnider:

Pursuant to a request from the U.S. Nuclear Regulatory Commission (NRC) staff on July 25, 2006, USEC Inc. hereby submits additional clarifying information related to the usage and commitment to standards for the American Centrifuge Plant as Enclosure 1 of this letter. Enclosure 2 of this letter submits planned changes to the License Application and Security Plan related to the topic of Physical Security that had recently been requested by the NRC staff. The planned changes for the License Application and Security Plan will be finalized and submitted to the NRC in the next revision of these documents.

Enclosure 1 has been determined, in accordance with the guidance provided by the U.S. Department of Energy, to contain Export Controlled Information. This information must be protected from disclosure per the requirements of 10 *Code of Federal Regulations* Part 810.

Enclosure 2 contains USEC Proprietary Information and USEC requests that this enclosure be withheld from public disclosure pursuant to 10 *Code of Federal Regulations* (CFR) 2.390(d)(1).
