 Subject: Updated Transcript "search" Status (3/29/04)

I have talked briefly with Eileen, received a few transcripts from her and I have already received several transcripts from Scott following your the to Atlanta. So to update the "transcript location status inquiry" I indicate below, IN RED & UNDERLINED, the transcripts I will need eventually: *RC*
 (P.S. Am I correct in assuming that because [redacted] was a "phone interview" there will be no transcript?)

Scott & Eileen,

I think you may have taken some transcripts to Atlanta in support of the interview. I need to get an "updated status" of transcripts:

For instance, I need to know exactly which transcripts we should have and don't (and why ... i.e. "not recorded," "phone interview," etc.)

A lot of emphasis/attention is being placed on:

- A) How many transcripts have we received that we should have?
- B) How many of the transcripts that we have, have been reviewed?
- C) How many of those that have been reviewed have been binned?
- D) When do we expect to complete the review and binning of the transcripts we have?

I have either NOT SEEN or DON'T HAVE the following transcripts:
