SUBJECT: AUDIT AND REVIEW REPORT FOR PLANT AGING MANAGEMENT REVIEWS
AND PROGRAMS FOR THE OYSTER CREEK GENERATING STATION
LICENSE RENEWAL APPLICATION

Dear Mr. Rausch:

By letter dated July 22, 2005, AmerGen Energy Company, LLC (AmerGen or the applicant) submitted an application pursuant to Title 10 of the *Code of Federal Regulations* Part 54 (10 CFR Part 54) to renew the operating license for the Oyster Creek Generating Station (OCGS), for review by the U.S. Nuclear Regulatory Commission (NRC). The NRC staff conducted an audit and review of the aging management reviews (AMRs) and associated aging management programs (AMPs) for which the applicant claimed consistency with the Generic Aging Lessons Learned Report. The purpose of the audit and review was to determine whether the AMRs and AMPs were in compliance with 10 CFR Part 54.

The report documenting the results of the audit and review is now publicly available. This report can be viewed through the Agencywide Documents Access and Management System (ADAMS) using Accession Number ML062280051. The ADAMS Public Electronic Reading Room is accessible from the NRC's Web site at <http://www.nrc.gov/reading-rm/adams.html>. Persons who do not have access to ADAMS, or who encounter problems in accessing the documents located in ADAMS, should contact the NRC's Public Document Room Reference staff at 1-800-397-4209, or 301-415-4737, or by e-mail at pdr@nrc.gov. Enclosed is a copy of the report for your information. If you have any questions, please contact me at 301-415-3191 or via e-mail at DJA1@nrc.gov.

Sincerely,

/RA/
