From: Gary Sanborn RIV
To: ENFINFO
Date: Fri, Dec 17, 2004 10:41 AM
Subject: December 17, 2004 R4 Enforcement Status
Place: OEMAIL

Note to R4 staff: Due to holidays and leave schedules, we anticipate difficulties scheduling SERPs and Enforcement Panels on Thursdays in upcoming weeks. Looking ahead, for example:

Thursday, Dec. 23 - day before Christmas holiday, heavy leave usage

Thursday, Dec. 30 - day before New Years holiday, heavy leave usage

Thursday, Jan. 6 - last week of 2004 leave year, heavy leave usage

Thursday, Jan. 13 - ACES will have no enforcement specialists available, but panels may be held if you give us the information far enough in advance.

Thursday, Jan. 20 - Holiday in HQ for inauguration day, no panels.

So, the bottom line is that it will be difficult, but not impossible, to get panels in over the next month. Let me know as early as possible what your needs are and when you and the necessary participants in your organization can support a panel. It is possible to schedule panels on alternate days, for example, especially if another region does not have anything scheduled. Get to us early. If I am on leave, please contact Michael Vasquez. Although detailed to allegations, he will be filling in for me when I am absent over the next few weeks.

Thanks, Gary
