Michelle,

I am forwarding a copy of the test results to you. As discussed this morning, the licensee considers this info to be proprietary and we should treat it as such until a formal request and determination has been made.

Please let me know who you provide a copy to as the licensee has requested this info.

Thanks

Kriss

Kriss,

I have attached two summary reports regarding the service water pump test. NPPD requests that these be treated as proprietary and that we inform them of our internal distribution of these documents.

I have copied Paul Fleming on this e-mail at his request.
