Dear Mr. Clement:

It has come to our attention that amendment number 65 to NRC License No. 21-00182-03 contained an error in the license document.

License condition number 12. has been replaced with the most current requirements for leaktesting sealed sources. Also, License condition number 22. has been added authorizing decayin-storage.

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this letter and its enclosure will be available electronically for public inspection in the NRC Public Document Room or from the Publicly Available Records (PARS) component of NRC's document system (ADAMS). The NRC's document system is accessible from the NRC Web site at http://www.nrc.gov/reading-rm/adams.html (the Public Electronic Reading Room).

If you have any questions, please feel free to contact me at (630) 829-9854.

Sincerely,
