See Meng - R4 is still discussing this case and whether we want to have the panel this Thursday. If we decide to go forward, we will issue a brief description of where we are and where we are headed I have been told that [] More to come, and we will let you know.

Although the Cooper post-RC SERP is scheduled for this Thursday, I have not received any revised package from Region IV for review. I need this to brief the SPSB management representative. Otherwise, the SERP for this issue will have to be re-scheduled. Please check with Region IV. Thanks.

See-meng.
