Attn: John Hanna, Senior Resident Inspector  
U.S. Nuclear Regulatory Commission  
On-Site Representatives Office  
P.O. Box 310  
Fort Calhoun, NE 68023

SUBJECT: VISIT TO FORT CALHOUN

Dear Mr. Hanna:

Thank you for the outstanding support that you and Leonard provided to me on my recent visit to Ft. Calhoun. With your help, I met all the objectives for my visit, including observing a demonstration of the remote handling controls, and meeting with site management. Your insights on plant design, licensee performance regarding the cask loading, and licensing were very helpful.

Sincerely,

/RA/

William H. Ruland, Deputy Director  
Licensing and Inspection Directorate  
Spent Fuel Project Office  
Office of Nuclear Material Safety  
and Safeguards
