<p>Name of Licensee: Metal Management Northeast, Inc.</p> <p>Name of Participant(s): Joseph Natale, Manager, Environmental Health and Safety Steven Courtemanche, Health Physicist NRC</p> <p>Telephone No. 973-344-2696 610-337-5075</p> <p>Subject: Application for a new license. (NOTE: This will be used as the Documents Title in ADAMS)</p>		
<p>Summary: I contacted the licensee to determine whether it was their intention to request a new license or an amendment. Mr. Natale stated that the Kevex metal analyzer on the -01 license had been traded in for one under general license. They will be submitting in the paperwork to terminate the -01 license since the company wants to start with a "fresh file" at the new facility. The device to be used is a different type of device and personnel will require training from the manufacturer. He has a number of questions he feels he needs to ask the vendor regarding safety issues for the device. I thanked Mr. Natale for the information and that we would proceed with the review of the new license application.</p>
