Dale E. Klein, Chairman
U. S. Nuclear Regulatory Commission
Washington, D.C. 20555-0001

Dear Chairman Klein:

Governor Jon S. Corzine has asked me to respond on his behalf to former Chairman Diaz's letter of June 21, 2006, regarding the State of New Jersey's interest in pursuing Agreement State status.

The New Jersey Department of Environmental Protection appreciates any information the U. S. Nuclear Regulatory Commission (NRC) can provide to assist the State in progressing through the Agreement State process and looks forward to working with the NRC's designated project manager. Additionally, my staff and I welcome the opportunity to attend a briefing on the Agreement State Program scheduled for September 18, 2006, and look forward to meeting with the NRC to further discuss this matter.

Please feel free to contact Paul Baldauf, Assistant Director, Radiation Protection and Release Prevention, at (609) 984-5636 with any additional details concerning New Jersey's pursuit of Agreement State status.

Sincerely yours,

Lisa F. Jackson
Commissioner
